INDEX

"Acceleration" principle, p. 20.
"An Appraisal of the Monetary Policies of Our Federal Government," Walter E. Spahr, p. 117f.
Articles
see periodicals.
Assets
automatically self-liquidating, pp. 19, 21, 41, 48-49, 52, 82.
investment-type, pp. 22, 52, 57, 59, 66, 82. See also Chart III. p. 51.
balance with Savings, p. 57, 60, 68.
criterion of, p. 48.
liquid, p. 82f.
self-liquidating, p. 82f.
Bank Credit
expansion of, pp. 60, 63-64, 66-67, 80-81, 85, 92-93, 110, 111-112, 114, 128. See also Credit, Excess; Credit Extensions.
Bank Failures
pp. 67, 121, 127f.
Bank Holiday
pp. 69, 113, 127.
"Banking and the Business Cycle," C. A. Phillips, I. F. McManus, and R. W. Nelson, p. 21f.
Banking
borrowings
Federal Reserve System, pp. 49, 50.
relation to inflation, p. 50.
commercial banking traditions, pp. 124, 133.
Deposits.
demand, pp. 11-14, 21, 36, 48, 52, 70, 85.
expansion of, pp. 12-13, 108,
time, pp. 11-14.
distinction between time and demand deposits, pp. 11-14.
Federal Reserve Banks.
purchase of securities, pp. 60, 69, 93, 110-111, 114-116.
reserve situation, p. 75.
Federal Reserve Board, pp. 64, 69, 132.
reserve requirements, pp. 44, 73, 108-110, 114, 116, 133.
reserves, excess, pp. 59, 87.
Banking System
pp. 36, 38-42, 61, 67-68, 71-72, 85 121, 124.
Barter
pp. 33-34.
Bonds
United States Savings, pp. 11, 72-73, 92-93, 95, 98.
Boom
characteristics of, pp. 26, 28-31, 56-57, 62f, 78-81, 95-96, 100-101, 111-112, 123. See also New Era.
Bootstrap-lifting
pp. 58, 70, 89, 92, 126, 128.
Business Activity
pp. 26-29, 71, 73, 110, 123, 130. See also Chart I, p. 25.
Brewster, Governor
pp. 67, 90.
Brookings, Institution, p. 93.
Business Cycle
and unemployment. See Unemployment.
definition of, p. 22.
effects of New Deal policies on, pp. 71, 128.
effect on industrial activity, pp. 28, 57-59
paradoxes of, pp. 23-26.
and prices, p. 133.
relation to Index of Inflation.
See Index of Inflation.
short-term problem of vs. long-term, p. 130.
theories of
maldistribution of income, pp. 71-72.
overproduction and underconsumption, pp. 79, 90, 91, 94.
oversaving, pp. 9-10, 14-15, 92, 93-97.
synthetic monetary (Haberler), pp.16-21.
Capital, p. 120.
See also Credit treated as capital.
Catchings, W.
pp. 9, 14-15, 90, 92, 93-94.
Cause
definition of, p. 5.
Chamber of Commerce of the United States, p. 68.
Clearing House Balances
pp. 41-42, 50, 52.
Commercial Loans
pp. 16, 21, 50, 87.
Commodity Dollar
pp. 100-101, 107, 118-120.
Commodity Market, p. 69.
See also Prices, Commodity.
Common Denominator
pp. 35, 104-105.

Competition
free, p. 121.
Conclusions, pp. 129-131.
Confederate Currency, p. 103.
Constriction
definition of, p. 60.
Construction
new, as a method of restoring prosperity, pp. 66-68, 90, 92, 93, 126.
Control
definition of, p. 6.
Cost of Living
pp. 97, 98.
Consumption
pp. 86, 92.
"Credit Cycle," p. 94.
Credit
excess, pp. 19, 45, 48-49, 52, 58-59, 61, 67, 121-123.
extensions, pp. 41-44, 63-64, 84, 86, 108, 116. See also Bank Credit, expansion of.
facilities, p. 69.
in form of new demand deposits, p. 85.
in terms of wheat, pp. 35-36.
instruments included in Purchasing Media, pp. 10-11.
restrictions on amount of, pp. 44, 45, 116.
treated as capital, p. 67.
withdrawal of, p. 57. See also Money-Credit System; Purchasing Media, Inflationary.
Crop Control, p. 70.
Debt Repudiation, p. 73.
See also Government Deficit.
Deflation
definitions of, pp. 57, 59, 61.
diagram of, p. 47.
effects of, pp. 59, 62f.
examples of, pp. 44-45, 73, 111, 113, See also Hoarding and Deflation.
Demand
and increased production, pp. 30, 85.
definitions of, pp. 30, 106.
effect of inflationary purchasing media on, pp. 43-44.
in the boom phase of the cycle, pp. 30, 78-79.
in the depression phase of the cycle, pp. 31, 36.
postponement of by saving, pp. 17-18, 91-92.
relation to time and demand deposits, p. 14.
Democratic Platform
1932. pp. 126, 127.
Deposits
See Banking, Deposits
Depression
artificial condition of, p. 28.
definition of, p. 30.
characteristics of, p. 23.
deficiency of demand during, p. 36.
Government action in, p. 98. See also Government spending.
investment-savings relationship, p. 62f.
necessary readjustment, pp. 108, 117.
"Derived demand," p. 20.
Devaluation
pp. 60, 69, 108, 118.
Distribution
definition of, pp. 33-34. See also Production and distribution, diagram of.
effect of inflationary purchasing media on, p. 88.
"Dr. Moulton's Estimates of Savings and Investments," Henry Hilgard Villard, p. 15f.
Dunbar, C. F., p. 39f.

pp. 112, 122, 124.
Economists' National Committee on Monetary Policy, p. 132.
Employment
See Unemployment.
Equations
Keynes fundamental, p. 9.
Exchange
process of, pp. 33-34
Federal Budget
balancing of, pp. 131-132. See also Government Deficit.
Fisher, Irving
pp. 100, 101.
Flanders, Ralph E., p. 8f.
Florida land boom
See Speculation, real estate.
"Fluctuations in Business Activity Since 1790," pp. 24-25.
Ford, Henry, p. 66.
Forecasting
See Prediction.
Foreign Exchange
relations to dollar, pp. 109, 128.
Foster, W. T.
pp. 9, 14-15, 90, 92, 93-94.
"The General Theory of Employment, Interest and Money," John Maynard Keynes, p. 93f.
German Mark, p. 103.
Glass-Steagle Emergency Bill of 1932, p. 53.
Gold
as money-commodity, pp. 114-118.
holdings, pp. 60.
imports, pp. 59-60, 114.
production and prices, pp. 107-110, 114-118.
production as affected by Government policy, pp. 106-107, 118.
relation to supply and demand, pp. 105-106.

reserve, function of, pp. 119-120.
shortage of, pp. 107, 109-110.
standard, pp. 69, 100, 107, 119-120.
sterilization program, U.S. Treasury, pp. 113, 118.
value of, pp. 106, 110.
Goldsborough
Representative, p. 102.
Goodbar, Joseph Ernest, p. 21.
Goods
capital, pp. 18-19, 33, 37, 94.
consumer, pp. 18, 37, 44, 73, 94.
Government deficits
pp. 12, 70, 71-73, 110.
Government Spending
pp. 70, 128.
and recovery, pp. 71, 72, 73, 95-97, 128.
financed by loan, p. 95.
inflationary, pp. 95-96.
relation to oversaving theory, pp. 93-94.
Haberler, Gottfried
pp. 9, 9f., 16-20, 93
Hinshaw, Randall, p. 57f.
Hoarding
and deflation, relation between, pp. 60-61.
and depressions, pp. 59, 61.
and excess reserves, distinction between, p. 59.
by banks, pp. 59-60.
by individuals, pp. 59, 61, 126-127.
effects of, pp. 60, 62f., 68-69.
of bank deposits, pp. 17f.-18f.
of gold in 1933, p. 127.
Hobson, J. A.
pp. 9, 94.
Hoover, Herbert
pp. 66, 67, 89.
Human efforts units
pp. 118-120.
Ideal situation, p. 37.
Income
distribution of, p. 72, Table I, p. 84, Table II, p. 86.
money, pp. 37-38, 57-58, 59.
money, definition of, p. 91.
national, p. 97.
unearned, pp. 121, 121f.
Index of Commodity Prices
Bureau of Labor, Chart III, p. 51.
Index of Industrial Production
American Institute for Economic Research, Chart IV, p. 53.
Standard Statistics, Chart II, p. 27.
Index of Inflation
an all-inclusive criterion, p. 54.
control of business cycle, p. 7.
Harwood, Chart IV, p. 53.
limitations of, pp. 75-76.
rise of, p. 93.
significance with respect to cyclical movements, pp. 7, 68, 71, 73-76.
use for forecasting, pp. 73-76.
value of, pp. 19, 75-76, 133.
Inflation
and commodity prices, pp. 65, 83-84, 100, 111.
and government spending, pp. 70, 72.
and prediction, p. 63.
and submarginal production, p. 78.
definitions of, pp. 55-56, 58, 59, 69, 80.
degree of, pp. 63, 64, 66, 70, 93, 95, 123. See also Installment Sales, effect on degree of Inflation.
diagram of, p. 46.
effects of, pp. 56, 58, 73, 80, 95, 110, 112-113, 122-125,
example of, pp. 42-45. See also Purchasing Media, Inflationary.
France, p. 70.
history of, described by Elihu Root, pp. 111-113.
indications of, pp. 54, 70.
periods of, pp. 49-50, 62f., 69, 71-72, 88, 88f., 96, 108, 111, 113, 116, 122, 128. See also Chart IV, p. 53.
psychology of, p. 111.
versus prices, pp. 84-88.
Inventions
effect on production, p. 86. See also Unemployment, technological.
Installment sales
pp. 81-83.
effects on degree of inflation, pp. 83-84.
Interest Rate
pp. 16, 98.
Investment
accumulated, p. 62f.
and savings, pp. 9-10, 18-20, 62f., 68. See also Savings-Investment Process.
