

LINCOLN
INSTITUTE
OF LAND POLICY

Mr. Graham Hart
Hon. Secretary
Geogist Education Association
10 Broome Street
South Perth
Western Australia 6151

Dear Mr. Hart:

I am responding to your earlier letter of 24 October 1989 and your follow up letter of 18 Dec 1989 to our executive director.

We are not sending the letters you drafted to Russia or China for the simple reason that the Lincoln Institute has long ago abandoned the posture of being an advocate of Henry George's land tax policy.

Our new posture does not reflect any judgment on the merits of the policy but is rather part of a more basic change in the definition of our mission, as reflected in the enclosed statement.

Sincerely yours,

Benjamin Chinitz
Director of Research
