

Across the Country With the Henry George School of Social Science---All Aboard!

CINCINNATI, O.—Three classes. Enrollment of 68. Advertising of classes consisted in mailing out 250 announcements, placing posters in all public libraries and many drug stores, and broadcasting one or two minute "flashes" over a local radio station. Class instructors include a minister and two lawyers.

CLEVELAND, O.—Three classes, also enrollment of 85. Meet in John Marshall School of Law and a downtown public school building. Here we see a strong student alumni council. "The general enthusiasm of these students of the prior classes is most stimulating and is a splendid testimonial of the effectiveness of the Cleveland Extension." writes Francis J. Fee, Secretary of Philadelphia's Student Alumni Council who recently visited Cleveland. The Cleveland Council publishes a monthly bulletin, *The Answer*.

PITTSBURGH, PA.—Demands are so great on Prof. Richard E. (Dick) Howe that he's expecting to devote all his time to organizing and teaching classes within a 50-mile radius of the Smoky City of Mayor William N. McNair, S. T. Pittsburgh has its own school quarters in the downtown Keystone building. It has an advanced class in "Protection or Free Trade" under Chief Assessor Percy R. Williams. Other teachers: City Assessor Hugo Noren and City Architect Robert C. Bowers.

PHILADELPHIA, PA.—A high school teacher, Julian P. Hickok, is Extension Secretary for Philadelphia and was one of the first to organize and conduct an extension class. Had one or two classes last year. One started Oct. 8 with an enrollment of 30. Another started Nov. 7. The Student Alumni Council, of which Mr. Fee is secretary, is active.

WASHINGTON, D. C.—The first classes in the Nation's Capitol are to start shortly after the first of the year. The instructor will be Mrs. Elizabeth M. Phillips, inventor of the famous Landlord's Game. Among the sponsors are Mrs. Louis F. Post and Rev. John C. Palmer.

NEW YORK CITY.—Classes at National Headquarters are booming. There are thirteen classes with an enrollment of 300. This is the response to 6,000 announcements. Fifteen thousand will be in the mails for the winter classes opening the week of Jan. 6. A teacher's training class has proven very useful and popular. Membership is limited to graduates of the course which uses "Progress and Poverty" as the textbook. A journalism class is now being conducted to train graduates in writing Georgeist articles for newspapers and magazines.

BOSTON, MASS.—Classes started Nov. 15. Meet in an art gallery. "About sixty-five people turned up at

the first meeting of the class on Friday! We were prepared for over fifty, but a few had to sit on the tables," writes Mrs. Francis G. Goodale, Extension Secretary. "We shall certainly have to divide the class into two groups,—probably three."

CHICOPEE FALLS, MASS.—Writes Instructor John B. Knight: "I started my class on Oct. 23 with an enrollment of eight young men, all between the ages of 21 and 26. The boys are certainly showing a surprising amount of interest and from their questions and answers they are evidently working hard on the lessons. The discussions are most interesting and I am certainly getting a great kick out of the class."

DETROIT, MICH.—One fine class of 40 students with a good professor, Attorney Henry C. L. Forler. Meets in the Public Library.

MINNEAPOLIS, MINN.—Attorney Louis B. Schwartz had two or three successful classes last spring and is starting out with a large one this fall. Expects 300 graduates this school year. Frank Chodorov carried the idea to Minneapolis and Mr. Schwartz did the rest.

SPRINGFIELD, MO.—Until this fall Dr. J. V. Boswell was the only Henry George man in Springfield, Mo. He will not be alone however when his class is completed. It began on Friday evening, Oct. 11, meeting in the Senior High School. Enrollment upwards of 30. The daily papers have given the class extensive publicity. "Henry George is really the teacher," Doctor Boswell told a local reporter. "I merely conduct the class."

KANSAS CITY, MO.—Edward White, Extension Secretary and instructor for Kansas City, circularized members of labor unions and secured a good enrollment for his first class.

SAN DIEGO, CALIF.—First class opened Nov. 1. Enrollment, 36. "How many of these will stick is of course a question of how interesting we can make the studies," writes Mr. E. M. Stagland, Extension Secretary. This is written in the spirit that will make the class successful!

LOS ANGELES, CALIF.—There are five classes in the greater Los Angeles district: one each in Pasadena, Glendale, Long Beach, Santa Ana, and Los Angeles proper. This growth is a tribute to the several instructors and to Mr. C. W. Silvernale, Extension Secretary for Southern California.

SAN FRANCISCO, CALIF.—The city that gave us "Progress and Poverty" will not be without a class, thanks to Noah Alper, who writes, "I will surely have a variety of types of students and some very brilliant people."

On this trip we've had to make only limited stops. We've not had a chance to visit Selma, Alabama, Canton and Peoria, Ill., Columbus and Youngstown, O., Fall River, Mass., and some thirty other centers where classes are now being conducted. Take another trip with us in the next issue of LAND AND FREEDOM!

Activities of The Manhattan Single Tax Club

THOUGH the club is active in correspondence, sending out literature, and its president is addressing such service clubs, church and civic organizations as he can get opportunities to, the principal activity, at present, is the president's radio addresses; in fact, Mr. Ingersoll's acknowledged interest in the past year or two has been mainly in stabilizing and standardizing his messages to the general public, delivered through the microphone.

Mr. Ingersoll believes that through this channel, the Georgeist movement has an open door to widespread propaganda—at least as extensive as Father Coughlin's; and he is bending every effort to the perfection of technique: first, in making statements that are free from obscurities, and that effectively connect our simple philosophy with the uneducated mind. Second, associating the message with familiar events; and without dragging Single Tax in by the ears. Third, technique of delivery and relationship with stations.

Mr. Ingersoll is determined to have a medium for reproducing his broadcasts, especially for the few friends now supporting his work.

The current schedule is given here; it averages about twenty broadcasts weekly, requiring six originals, the preparation of which requires a minimum of five hours each.

Report of Robert Schalkenbach Foundation

FOLLOWING the printing of the letter of Lord Snowden in the last issue of LAND AND FREEDOM, it was decided to reproduce the message in full, in circular form, so that it could be broadcast to the best of our ability among people whose interest in free trade and the land question might be awakened. A total of 11,000 people were circularized, this list including our Single Tax friends of the movement who have been interested in the books of Henry George, high school teachers, librarians, editors and many of the new students who have gone through classes in "Progress and Poverty." As a result, we have received hundreds of interesting letters and a demand for "Protection or Free Trade" as well as other writings of Henry George.

At the request of the Alumni Council group in Cleveland, Mr. Byron C. Taylor, Secretary, we circularized a list of ministers in Cleveland, writing a special letter calling attention to the pamphlet "Moses." Copy of this pamphlet was sent with each letter and some fine replies were received. The Alumni Council supplied one half of the expense of this work, the Foundation meeting the other half. This is one good way of doing constructive work under the guidance of alumni groups. A plan is evolved, the local situation is developed, and the Foundation then helps to the extent that it can in the furtherance of the project. It is on this basis that we have continued to supply the libraries of Georgia in conjunction with the generous gifts that Mr. H. C. Harris has made, in placing Henry George books in every library in the State of Georgia.

Likewise, recently a list of Rabbis in Bronx County were supplied with the pamphlet "Moses" at the suggestion of Mr. Edward Polak. Mr. Walter Mendelson of Germantown suggested gifts of books to certain libraries in Shadyside and Neffs, Ohio, which are for the aid and information of the coal miners—a project which is sponsored by the American Friends Service Committee for coal areas.

The opportunities to individual Single Taxers as well as to alumni groups who, graduating from one of the Extension Classes, are looking for constructive things to do, are numerous. Libraries, both educational and public, need more copies of Henry George's books. An alumni group can combine, or an individual can offer to give a certain amount towards the placing of books in these libraries. Groups in the community can be circularized with appropriate pamphlets and literature.

Graduates of classes can train themselves to speak before civic organizations, and, since we often have requests for speakers, we will be glad to hear from those who will volunteer to speak in their respective communities.

Recently, Mr. Elwood Lewis of Northport, N. Y. asked us for a speaker for the Rotary Club of Northport, and
