### On the Passing of Arthur P. Becker

OUR BELOVED COLLEAGUE, Arthur P. Becker, died suddenly on November 17, 1978. Arthur served for years as a contributor to this *Journal* and as a member of its editorial board; and he also served with me as a director of the Robert Schalkenbach Foundation, of which he was also director of research. His passing has stricken all of us who knew him with deep grief. A suitable memorial, taking account of his contributions to fiscal economics, will be published in this *Journal* in due course. Here I wish only to record the sense of loss felt by all who knew and worked with him, both at the University of Wisconsin—Milwaukee (where Dr. Becker was professor of economics), and in New York, Cambridge and other parts of the country, where he had affiliations as researcher or consultant. To his family we extend our sincere condolences.

W.L.
