

Justice Longfield (Britain):

“Property in land differs in its origin from property in any commodity produced by human labour; the product of labour naturally belongs to the labourer who produced it, but the same argument does not apply to land which is not produced by labour, but is the gift of the Creator of the world to mankind; every argument used to give an ethical foundation for the exclusive right of private property has a latent fallacy.”

From The Single Tax, August, 1894
