- ECONOMIST(S)** for guidance Intro, modern 4, 22, 88, 105, 139, English (Keynes) 4, 98, Australian, criticism 9, everywhere 9, 145, confusion of 9, 75, like Galbraith etc. 10, worthy of the name 20(n3), The Physiocrats 23, slogans of 27, classical 27, 140, professional 29, 30, 34, 40, 44, 79, 87, 100, 117, 140, 142, 150 two, eminent, living 29, eminent 29, orthodox 29, 75, hand-washing attitude of 38, as observers 39, 'patterns' suggested by 39, as scientist 39, 51, no unanimity among 41, 43, 75, 139, on government intervention 41, 42, split on referendum 41, as 'economist' 42, the way they, analyse 'choice' 42, deciding what to tax 43, on Government spending 43, Turgot 45(n2), 'free enterprise system' 47, no concern of the 47, 48, opinion on inflation 75, 85, sold to politicians 75, schools of thought of, on money 78, 'attending suffering patient' 84, and statisticians 87, 'long dead' (Keynes) 89, *The Economist* 91, 92, 93(n11 and 14), 102, 103, 110, 125 a 'leading Australian' 93, published works by 138
- ECONOMY** the 'mixed' 4, 37, 39, 42, 139, true, breakdown of 4, Australian, the 9, 108, 126, 128, 144, any 9, 'market' 9, 81, 121, Political management of 11, 73, 110, 154, world 12, 84, highly industrialised (of the U.S.) 21, heart of the 22, 146, of U.S. (unemployment) 22, 'private' 27, antagonistic sections of 27, pillars of the 27, the role of the 38, 43, 50, 144, 154, 'laissez faire' 38, smooth running of, 41, 57, 87, 96, 109, 120, 147, the 148, 154, the fully employed 43, needs of the 43, the, what is it? 46, the *raison d'être* of 46, the, things which concern 47, 48, the word 48, 51, 53, the motivation of 48, the, victim of politics 49, the, the nature of (George) 49, 51, 100, 142, problems facing all 46, the, of the solar system 50, the, of human society 50, the, the natural state or order 51, this, functions in freedom 51, 76, 77, 125, the, perversion of 51, 97, 118, 146, 147, the, the role of money in 75, 76, the planned 76, 99, the, of the United Kingdom 88, controlled 88, 99, socialist, a 90, the Danish 91, the, the level of spending in 97, 100, the 'warfare' 99, the, of New Zealand 122, 'ECONO-THINK' (Toffler) 150
- EDUCATION** decline of 10, and capitalism 12, domination of (in Australia) 13, as truly free 13, as indoctrination 13, as form of 'national investment' 13, system of Australia 15, and similar services 22, and training of 'human resources' 44, as 'investment of human capital' 44, outlay on 44, kind of 44, 'non-utilitarian' 44, of 'work force' 44, *Education, some Arithmetic of* (Karmel) 45(n10), higher (free) 47, material — oriented 54, spreading (confusion of errors) (Spencer) 59, 'of the lowly' 94, 'female' (and fertility) 135, as part of the 'profit of association' 148
- EFFECT(S)** of reforms in Great Britain 5, disastrous, of inflation 33, soporific, on student (of Samuelson's *Economics*) 39, traumatic, of elections 48, of votes, some wasted 64, 72(n2), overall, of money management 87, immediate, of government policy 108, concern for, instead of causes 114, debilitating, of political manipulation 124, of a hypothetical tax 40, on government policy (Keynes) 30
- EFFECTIVE** action, liberals failed to take 25, remedies, undesirability of 26, in purpose, with proper representation 64
- EFFICACY** of 'management' 87, of Keynesian theories 98
- EFFICIENCY** 'lack of' under capitalism' 13, of machine industry 24, 'marginal, of capital' 31
- EFFICIENT** way, the most 9, industries, under protection 109
- EFFICIENTLY** how to use resources 46, desires satisfied by the market 48, affairs of nation, to be run 64
- EFFORT(S)** waste of 1, required to produce 2, to satisfy material desires 49, co-operation in production of wealth 50, saved 51, the least (the economic good) 108, 144, 148, to better his condition (Smith) 151
- EINZIG** Paul author of *How Money is Managed* 76, 78, 79, 80, 83(n8), 86, 93(n3)
- ELECTED** democratically 63, senators 65, fairly (in Tasmania) 65, first-preference candidates 72(n4)
- ELECTION(S)** system of 63, most, leave people unrepresented 64, result of 64, general, in Great Britain and Australia 64, 65, 66, 71 (Appendices)
- ELECTOR(S)** effective voice of 63, British 63,

- representation of 64, vote of 64, harassment of 65
ELECTORAL democracy 63, system 63(n5), rolls 64, 72
ELECTORATE(S) enlightened 54, in hands of (power allegedly) 60, portion of, disfranchised 64, where two or more candidates 64, single-member 65, multi-member 65, 72(n4), each State being one 65, 7-member (Tasmania) 65
EMPLOYED workers, income of 22, those in protected industries 109, capital 145
EMPLOYEE(S) average (needs of) 118, 119, standard of living of 79
EMPLOYER(S) the only, the landlord 18, industrialist 18, and workers (welfare) 20, and employees 88, 116, pays 'contract' wages 117
EMPLOYMENT socio-economic objective of 97, safeguarding of 108, 109, the means of production 108, reduction of (result of civilisation) 109, coercion can create 109, being based on production 109, *Employment, the General Theory of* (Keynes) 139
ENCYCLOPAEDIA BRITANNICA 51, 53, 61(n1), 94, 96, 121, 125(n1)
END(S) and means 31, 86, and needs 50, of government 53, these, destructive of 55, result of the system of election 65, of power-hungry politicians 79, desperate, government driven to 102, production is the 109, for which they strive 117, the ultimate, of the distribution of wealth 142, not so remote 155
ENERGY least expenditure of 2, 19, 48, 146, expended (by Marxists) 14, transferring food into 119
ENGLAND rise of industrial revolution 19, in, change in revenue-raising 94, nobles of, obligations 94, *England, the History of* (Trevelyan) 104(n1), greatness of 106, feudal 122, *English Language, Dictionary of the* (Random House) 28(n1), — speaking world 36, 'landed gentry' 57, *English People, a Short History of the* (Green) 104(n1)
ENSLAVEMENT of the people 2, ultimate 6, in authoritarian society 12, of mankind 37, virtual, of millions 60, of landless peasantry 132
ENTERPRISE(S) free 10, 11, 41
ENTREPRENEUR(S) 18, 31, 141
ENVIRONMENT natural Intro, industrial (control by workers) 13, in which worked 19, orderly 61, disintegrating (de Castro) 130, special (family limitations) 131, social, improvement of 135
EQUAL rights of the citizens 48, 'all men created' 54
EQUATE failed to (with demand) 10, unemployment compensation 27
EQUILIBRIUM functional in animal metabolism 134, price, between nations 112, true state of 119, natural function of free market 120
EQUITY a question of 46, in distribution 47, to uphold, government's proper role 48, and justice (industrial peace) 119
EROS and CIVILIZATION (Marcuse) 45(n11)
EROSION of 'capitalist territory' 12, of topsoil, in African deserts 132
ERROR(S) of man's making Intro, 120, of socialist philosophy 17, original 22, common, of contemporary attitudes 26, Keynes's, exposure of 32, land as 'capital' 33, 117/8, 143, grave, in Samuelson 37, 40, 43, of neo-Keynesian economics 43, grave, private enjoyment of 'land value' 118, basic, theory of scarcity 132, of Wage Fund Theory 138
ESSENTIAL nature, of capital 3, 'humanity' of man 5, falsity of socialism 6, to 'cut out the evil of private profit' 7, feature of capitalism 14, basis of capitalism (imperialism) 15, condition, freedom is 18, factor, of economic equilibrium 33
ESTATE(S) real 14, 24, 57, 60, 90, 123, 147, 148, proprietary (U.S.) 57, assets of, and death duties 123, large, farm production of 131
EUROPEAN workers of 5, migration to Canada 9, world of the 19th Century 13, mercantilism, the heyday of 105, Economic Community 110, 115, 122, 125(n2), alleged advantages 110, Denmark joins 123
EVANS David, lecturer in Economics 11, 12
EVIDENCE of concession to modern trend (image making) 6, from communist regimes 13, made to fit 13, conclusive of George's conviction (that better conditions possible) 28(n5), inconclusive (figures based on) 119, alarming, of unwise practices 132, of breakdown of natural functions 147, of need for release from 'dance of death' 152
EVIL(S) of capitalism 8, inherent in free enterprise 10, consequences 11, profit is 17, of over-government 20, this 'decoying a customer' (Smith) 28(n7), unforeseen, of compulsions (Spencer) 59, an, to obviate 82, attendant, of taxation 91, of taxation, one leading to another 96, common, of political control 123, the, is hunger (de Castro) 130, twin, of Welfare State and Inflation 140, of modern Welfare State 149
EVOLUTION of money 2, socio-economic 3, of human society 4, not revolution 155
EXAMINATION of basis of doctrine of socialism 6, irrelevant 11, of free flow of trade 12, confined, to Hazlitt's proposition 30
EXAMPLE(S) classic (of Australia Marxist concept of capitalism) 12, of authoritarian societies 13, terrifying (of state of affairs in Great Britain) 32, of electoral systems 63
EXCESS(ES) of inexpert 'management' 90, yield skimmed off in increased rent 132, of its product (the Law of Rent) 145
EXCHANGE(S) of ideas 1, by barter 1, innumerable 2, 74, 77, extending the completion of 1, in 2, 18, 112, 148, medium of 2, 74, 76, expansion of 3, mechanism of 3, transactions, huge 3, between people, the market 3, 17, 154, control 4, 76, 112, to (Smith) 4(n2), 49, socialisation of 6, 88, any 17, value 19, rates, control of 30, 75, 80, 81, 87/8, things which concern the economy 47, for mutual benefit 51, 145, 148, 154, money's function in 79, 80, 92, — and corporations' Commission 93, to effect distribution of wealth 145, total, activities of producers 148, of poverty, for the communist wasteland 153
EXCHANGER(S) man, the 137, fellow 145
EXCHANGING of goods in the market 2, by one's product for that of others 51, desirous of 106
EXERCISE to, consumer preference 31, to, the power of decision 44, *Statistical* (Karmel) 44, to, the democratic right to choose one's rulers 63
EXISTENCE of ruling class 8, out of (controlled) 17, of worker controlled by landlord 18, interpreted (Galbraith) 21, of poverty in 'affluent society' 21, of the market 146, social, normal 149, social 'determines consciousness' (Marx) 153
EXISTING systems 9, 18, 20, 33, need, satisfaction of 18

- EXPENDITURE margin of income over 3, public 22, 73, 89, 90, 99, government, condemnation of 33, educational, ratio of 44, 'consumptive' 44, way of financing by government 75, Committee of the House of Commons 89, commitments 96, disproportion of 97, departmental 99, churches, on charities 103
- EXPENSE of rest of community 4, at, of degree of pleasure in work 19, of others, getting a living at the 147, public, 'farm relief' 123
- EXPERTISE lack of by governments 87, of economists 104
- EXPERTS who have failed to solve the enigma Intro, in economics 46, 138, schools of thought 78, the, to leave to 80, in dietetics 119
- EXPLOIT nature, man's ability to 126, to, natural resources 133
- EXPLOITATION area of 2, of workers 'by capitalist industry' 7, inherent in system 9, evidence of 17, impossible in true freedom 17, of others' weaknesses 17, always present in human relationships 17, of the many by the few 53, many forms of 60, excesses of 116, by trade unions 116, etc. by government oil policies 126, of national resources 129, political, of helpless poor 133, victims of 150, of public problems for personal ends 152
- EXPLORATION etc. of minerals in Australia 126, oil, cost of 127, areas, oil companies pulling out of 127
- EXPORT controls 78, 81, why do we? 112
- EXPORTER(S) the, cannot sell cheap food 112, 133
- EXPOSE(D) fatuity of premise (Marxist) 6, to, equivocal attitude 14, to, ignorance of George's philosophy 25, Carey's confusion (George) 28(n5), to, the true cause of monetary problems 75
- EXPOSING the causal relationship 14, the barrenness of Keynes' contribution 29, the sophistry of Keynes' *General Theory* 31, Keynes's purlindness 31, consequences of unwise practices 132
- EXPOSITION of 'value' by George 20(n3), of 'the division of labour' (Smith) 144
- EXPOUNDED Marx, his own theory 5, general philosophy (Galbraith) 21, detailed, about economic rent 34, his political philosophy (Jefferson) 54
- EXTRACTION of mineral deposits 126, rights of, mineral deposits 126
- EXTREME(S) of fantasy Intro, 1, 6, 7, views, absurdity of 8
- F**
- FABIANS 58
- FACADE outward, of affluence 21, of progress, gov't offers 151, screening personal ambition 152
- FACTORS of production 9, 40, 43, 139, in the economic equation 11, vital, rent in wealth distribution 32, essential to economic equilibrium 33, in inelastic supply 40, 41, contributory, to inflation 84, passive, land in production 117, vital, necessity to free trade 136, in confusion 140, predominant in inflation 141
- FAILURE relative, of worker, to concept of 'class' 14, of theory, of Surplus Value 19, *Failure of the New Economics*, *The* (Hazlitt) 29, 30, to discuss Rent 32, 39, to understand foundations of the science 40, total, of illusion (Ailsop) 44, to collect the Surplus Product 90, ghastly, of 'Keynesian Revolution' 96, to interpret facts about hunger 131, to distinguish between fundamental concepts 143, society's, to prevent land being held out of 147
- FAIRHOPE Alabama, U.S. 58

HUGHES Wm. M. (Prime Minister of Australia 1919-1923) 119

HUMAN history Intro, 5, 53, affairs Intro, activity, economic Intro, society Intro, 2, 4, 28, 46, 47, 50, relations 1, 2, 5, 17, 20, desires, change 1, wisdom (Smith) 4(n2), 54, nature 4(n2), 49, 54, 61, 95, the, situation of bondage 5, rights, under attack 6, beings, within social structure 11, beings, considered as people 14, 53, 131, acquisitiveness and aggression 15, thought, a contribution to (biased) 15, instinct, in line with 20, faculty, product of 40, 125, 153, 'resources' (Samuelson) 44, 'capital' (Samuelson) 44, behaviour recognised 15, 48, 153, heart, the, an organism like 49, laws 50, 51, 76, 151, psyche 94, progress, taxes a drag on 95, consumption, making food unfit for 110, race, the, and poverty 131, population, expansion of 132, land the basic substance of 141

HUMANITY the path travelled by Intro, man's essential 5, a crime against 110, more shocks in store for 114, to save it from a descent into chaos 150, must deal with the problem of wealth distribution 150

HUNGARY the serfs of 18

HUNGER the 'worst evil of poverty' (Boyd-Orr) 130, has hobbled South American progress (de Castro) 130, the real enemy of production 133, chronic, intensifies sex appetite 134, deadly nexus of, with affluence 135

HUNT AND SHERMAN (authors) 98, 104(n8), 139

HUNTER Alexander, Professor 127

HUTCHINSON A. R. (article by) 136(n6)

HUTT Professor W. H. 31, 32, 33, 34, 35(n4 & n6)

I

IDEA(S) conflicting Intro., exchange of 1, any, present as 'salvation' 20, American 23, of inhuman manipulation 44, comprising rationale of human society 46, censorship of 54, successfully applied in Denmark 91, inimical to security of bureaucrats 152

IDEOLOGY Communist, terrible paradox of 151, 153, must become fanatical 152

IGNORANCE the consequences of Intro., Galbraith's, of George's philosophy 25, Keynes's of basic principles 29, supposedly abolished by civilization 60

IGNORANT of possibilities for abuse 2, of economic science 119, assumed by laymen, of 'money' 80, regression towards 114, of workers and employers alike 116, economic 126, human 132, of natural law 154

IMPERIALISM 'U.S., domination of' 8, 'motivating U.S. intervention in Indo-China' 14, 'capitalism, the main motivation' 15, of Soviet Russia 15, British, and taxes 98

IMPORT control 75, 78, 85, 87, taxation on 96, quotas 115, 142, prevented (N.Z. Australia) 111, restrictions in retaliation 113, parity-price, oil 127

IMPORTING crude oil 127, at 'dumped' prices 127, food, instead of exporting it 133

INCENTIVE(S) to enter the market 18, to the entrepreneur 18, artificial 18, production and taxing rent 45(n7), destroyed by taxation 95, 100, minimised in oil search 127, built-in, of political system 152

INCOME a margin over expenditure 3, inequality of 11, rent absorbed as private 11, 34, 40, 127, 148,

and employment (Galbraith) 22, of employed worker 22, channelled to owners (Veblen) 24, available to public authority 27, national 31, 40, 41, 47, 99, control of 33, determination the basic theory 38, distribution of 39, 47, 97, 131, and prices policy 89, perpetual fund of 90, feudal, of prices 96, flow, gov't largest source of 99, — earners, individual 100, 103, 148, return (U.S.) 101, from farming 'land values' 123, of Indian village tenants 133, per capita, low 135, all 'surplus value' to Marx 142, of the 'haves', assault on 147

INCREMENT 'unearned' 40, 41, 57

INDEBTEDNESS increased in home-building etc. 10/11, excessive, public or private 77, intolerable — burden of 77, of Australian farmers 125(n3)

INDEPENDENCE the Declaration of 54, of policies of the hour (money) 74

INDEXATION debate about 85, of taxes, necessary 92, approved 93, political 'gadgets' 116

INDIA the masses of, poverty of 125, land tenure system of 133

INDIAN(S) in the U.S., poor 28(n2), tribes, reserves for 57, flood-prone areas of 132, Punjab, birthrate of 135

INDIVIDUAL(S) exchange between 3, the right to choose own employment 6, cost of education 13, freedom of the 13, 122, 153/4, enjoyment of own income 43, man 44/5, 153, earnings, part of 47, ends and means 50, all rights lie in the 51, interests of the 54, owners of land (Australia) 57, profit of 148, intelligent, 'cancelling out each other' 151

INDOCTRINATION education in the Marxist system 13

INDUSTRIAL relations, development of in Australia 13, environment 13, Revolution, the 17, 19, 23, 79, 116, blackmail 34, body 50, sites, rent of 90, labour, and tariff cuts 108, 'peace' legislation for 120, mono-culture 122, giants U.S., power of 128

INDUSTRIALISTS French, on taxes on wages 102

INDUSTRIAL, attitude to trade agreements 111

INDUSTRIES capital-intensive 12, likely to be competitive, obstructed 107, protect, reaction to tariff cuts 108, created under tariff umbrella 109

INDUSTRY nationalisation of 6, 7, 116, 'capitalist owners of' 6, workers' control of 13, machine 24, degraded those in it (Veblen) 24, into competition (Smith) 54, of private people, directing (Smith) 54, effect of taxation on 101, 102, U.S. mechanical equipment of 105

INEFFICIENCY in the economy 48, of agricultural industries 111, of farmers, based on mortgage debt 123

INEQUALITY not decreased 11, and poverty (Galbraith) 21, economic, and taxes 98

INEVITABLE(NESS) of the class war (Marx) 5, c revolution 14, in absence of reform (poverty etc 24, result, a waste of votes 63

INFLATION the rising tide of 6, 25, 26, 35(n1), 37, 73, 75, 76, 78, 84, 85, 86, 87, 88, 89, 96, 98, 117, 131, 132, 135, 141, 144 to 'hedge' against 14, 18, 125, a consequence of concentration of industry (Galbraith) 25, problem of, no solution to 26, 84, problem of, George's solution 28, cause of: Hazlitt's solution 30, 33, secular, achieving Marxist goal 32, cessation demanded 32, effects on standard of living 33, of currency 34, 86, drama (Galbraith) 35(n15), the history of, is history of economics 31, price, the process of 39, in a fully employed

- economy 43, fruits of labour reduced by 60, paper on by Hillendahl 61, in U.S.A. (Senholtz) 75, contributory causes of 85, inflow of capital induced by 87, aid to Labor Gov't's policy 88, in communist countries, non-existent 89/90, cause of, rent an important bearing on 90, primary cause of, defined 90, direct outcome of 'management' 91, 91/2, 102, 112, and accounting methods 92, 101, 141, effect on Taxation Department 102, agriculture, a victim of 123, and Welfare State, twin evils 140
- INFLATIONARY** spiral 14, 30, 33, 141, 'control' 26, situation, wage claims in an 33, monetary trend 79, PAYE refunds, effect of 100
- INFLUENCE(S)** dominant, Owen's idealism 5, of Veblen, on American intellectuals 24, comparable (*Times* on Keynes) 29, on economic thought (Hazlitt on Keynes) 30, of American theorists (Galbraith) 23, of Samuelson's *Economics* 36, of George in the U.S.A. 58, which increase corporate action (Spencer) 59, no, money on prices 75, of money on national economy 76, predominant in situation 90, gov't's on private spending 97, predatory of lusters for power 121
- INFLUENCING** gov't's economic affairs 41, purchasing power of money 74
- INGREDIENT(S)** important in growth and change 2, essential, of monopoly 17, of inflationary situation 26, 'Gilbertian' of Arbitration 120
- INJUSTICE** protection against 53, of levying land tax (Cobden) 95, of taxation system 104, 149(n3)
- INSANITY** 'a streak of in human history' (Koestler) Intro., of system of taxation 102
- INSPIRED** by Owen, emancipation movement 19, Shaw by George 58
- INSTINCT** natural towards freedom 151, natural towards co-operation 151
- INSTITUTION(S)** of education (Australian) domination of 13, of privilege 19, existing, support for 32, rationale of human society 46, paramount, of the gov't 53, public 54, 56, guaranteeing protection of citizens 82, of the free market 120, loss of faith in 131
- INSTRUMENT** violence of revolution 14, in state, for people's benefit 15, in dehumanisation (Samuelson's *Economics*) 45, gov't becomes an, of monopoly 48, of commerce, money 73, 86, of revenue, taxation 96, 99
- INTELLECTUAL(S)** contributors to *Australian Capitalism* 8, Australian 16, obstacles 151
- INTER-** action, of wages, costs and prices 26, communication of people of different races 3, relationship, basic, of monetary problems 78, relationship of problems 131
- INTEREST(S)** own in the market 3, theory of (Keynes — Hazlitt) 30, 38, rates, control of 30, nature of (Hazlitt — Keynes) 33, vested, in inflation 33, the rate of 38, 87, 'on value of national property' 40, 'on capital value of men' 40, on market value of land 45(n6), special, policies favouring 48, of privilege, in the 51, of the society 54, 129, vested, political parties reflect 63, alleged, of 'managing the economy' 73, of own treasuries (Kings and Princes) 75, burden, in increased national debt 85, the only true 142, 146, on loans 142, of personal ambition 152
- INTERFERENCE(S)** man's with natural law Intro., political 47, government, areas of 47, with normal human behaviour 48, with actual working of the economy 51
- INTERNATIONAL** life, modern, elixir of 80, field, the effects of money management 87, Court of Justice, the 110
